A Note From Our Director

As I look back at my first year here with the 10th Force Support Squadron, I still can't get over how much 10FSS effects the lives of our customers here on the installation.

In the past few months, we have hosted several major events that have given back to the base in multiple ways. The Spring Carnival was base-wide hit that brought over 1,200 people for a day of fun! The Falcon Club hosted the mouth-watering Easter Brunch that put smiles on the faces of 441 customers. The bowling center got a new pin-setting system that has brought

back leagues and family play for the base.

The one event that I'm most proud of 10FSS for is the support we gave for the West Monument Creek Fire in February. During that time frame the Stables safely evacuated 103 horses, Mitchell Hall provided over 360 meals and drinks and High Country Inn Dining Facility provided over 300 meals and drinks for the fire fighters. The Falcon Club provided an astounding 1,800 meals to our first responders.

This team just keeps hitting home runs!

**Supervisory Recreation Specialist
ODR Complex Manager**

JOB DESCRIPTION: Plans and directs a wide range of outdoor recreation activities, trips, rentals and services for USAFA Outdoor Recreation Center. Manages programs through subordinate supervisors to include: Outdoor Adventure Program, Information Tickets and Travel Services, Farish Recreation Area, Cadet Outdoor Recreation, FamCamp Recreation Vehicle Camp and picnic

area, the Equestrian Center, and the RV Storage and Impound lots.

HOME TOWN: Woodstown, New Jersey

TIME WORKING AT USAFA: Started March 4 of this year

WHAT DO YOU LIKE BEST ABOUT YOUR JOB: I've always been driven by Community and Teamwork. Being a part of a team that does so much for our military members (active duty and veterans) gives me the ultimate job satisfaction. Not only do we offer the best pricing for rentals for a customers next picnic, unit or family party, and camping or water adventure, we also offer amazing guided trips and tours as well as high quality certification courses. I get to work with outdoor enthusiasts wanting to provide and be the center for excellence in the industry, a staff of equestrian lovers that would do anything to build a center that is the epitome of what everyone should do to love and support our equine family, and a staff that is committed to providing quality time in the outdoors through camping and outdoor activities with our FamCamp and off-site Recreational Facility at Farish. Plus, to top it off a staff that is having fun helping families plan their next family destination trip for the best prices. What is there not to love? This team is driven by building community and doing it through teamwork. I feel very grateful to be here and to be a part of it.

Grand Re-Opening of Academy Lanes

On March 6, Academy Lanes re-opened after being closed for nearly a month.

During the closure, they replaced their old pinsetters with upgraded AMF Edge String pinsetters installed by Qubica.

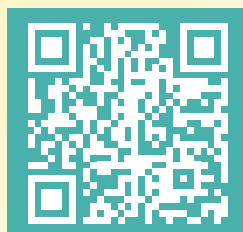

The new pinsetters use strings so that pins will always be in the correct place thus reducing maintenance costs. Academy Lanes is the first bowling center in Colorado to feature this United States Bowling Congress-approved technology.

“These new machines are going to make the guest experience incredible. It’s going to offer a lot of new types of games and get people back into bowling,” said Academy Lanes manager Lauri Ballon.

In addition to bowling, Academy Lanes offers food, an arcade and can be used to host special events. Learn more about Academy Lanes on their website.

ANAVRIN'S DAY

MUSIC *on the* LAWN

MAY 24 | 5-7 PM

Anavrin's Day is a Denver based cover band that was formed in 2018 by Jonathan Cernan (JC). His goal was to collaborate with other musicians to pay tribute to the grunge/alternative music he loves from the 1990's. Spot on vocal harmonies and instrumentals is what makes an Anavrin's Day performance stand out above the typical cover band. The set lists are influenced by the bands such as Tool, Stone Temple Pilots, Foo Fighters, Alice In Chains, Soundgarden and so many more great bands and are guaranteed to get you rocking.

ANNUAL EDUCATION FAIR

June 26. USAFA is hosting its annual Education Fair from **10 am – 1 pm at the Community Center.** More than 30 schools and institutions are scheduled to participate in the event.

The Education Fair assists students in interacting with various schools that operate on USAFA and around the world. These schools provide students with on-base and distance-learning educational opportunities. The opportunities presented at the Education Fair will also provide a variety of avenues to the Tuition Assistance program, MGIB, and Post 9/11.

The Fair will deliver numerous educational sources for a variety of needs and interested at all levels of the base population. Some of the information the representatives will provide are degree plans for new students, degree completion avenues for those with some college experience, as well a variety of learning options.

Military members, family members, contractors, retirees, and civilians are all welcome to attend the Education Fair and will have options available for them to make the right decisions in regards to managing their Education Goals.

The Education Center is committed to improving the readiness of all members stationed on USAFA, by helping individuals plan for and achieve their educational goals. We do this by offering a range of services to support both personal professional developments. This includes online learning, counseling, testing, and information regarding financial aid/ scholarships.

The Education Fair is open to everyone with base access. For more information, call 719-333-4770 or email 10FSS.FSDE@us.afmil

HOW TO SUCCESSFULLY APPLY FOR TUITION ASSISTANCE

The Education Office has recently seen an uptick in issues and problems service members are experiencing using Tuition Assistance. Often these problems are due to not adhering to the *rules of engagement* for using TA. The costs can be steep, from not having your TA funding request approved up to having to pay out of pocket. Missing out on “free money” because of avoidable errors would be unfortunate.

The privilege of using TA comes with the expectation that service members will follow the guidelines, as found in AFI 36-2670. The process in AFVEC is very prescribed; no item of necessary information can be guessed or approximated. The Education Office has seen many cases recently of service members guessing course dates or cost per credit hour, requesting TA for courses they’re not enrolled in, taking classes not on their degree plans, and other issues.

The following information is required for every TA request you make in AFVEC:

1. The exact dates of your course (if

these dates are incorrect, your school will not invoice the Air Force IAW the DoD MOU they signed) and you could end up paying for your courses out of pocket.

2. Course number and name (for example, PSY 100: Introduction to Psychology)
3. Academic Level (from drop-down menu)
4. Location (online, resident, etc. from drop-down)
5. Number of credits
6. Credit type (know if your school uses semester hours or quarter hours)
7. Cost per credit hour (the exact amount your school charges - it’s also your responsibility to know if your school requires validation of your active-duty status to receive a reduced tuition rate)
8. Help us help you! Please make sure your information is absolutely correct when you apply. The AFVEC system is such that some mistakes can’t be corrected, causing your TA request to be rejected and/or deleted. If you conscientiously complete all TA funding requests, we are more than happy to approve them!
