Assistance, Resources and Information for Educators Supporting Military-Connected Students

Command Advisor

Serves as the key representative of the Installation Command Team for all PreK-12 education matters

Support

Provides educators comprehensive professional development, guidance, programming, and resources to create understanding of issues impacting military-connected students

Solutions

Provides real-time solutions for military-connected students by leveraging relationships, legislative compliance, resources, and trend analysis

Information

Creates understanding between educators, Command Teams, and families by providing current resources, programming, information, and supplemental curriculum opportunities

Connections

Builds long-term bridges to enhance student learning outcomes and support the student's academic, physical, social, and emotional needs resulting in better focus and stability in the classroom

Transitions

Provide school-based programming to support the at-risk student in coping with the military lifestyle
