

OAP CANCELLATION POLICY

- » Full payment for all trips is due at time of registration.
- » All trips are subject to cancellation due to unsafe weather or conditions outside of our control. In this event, the trip may be rescheduled, or you may opt for a refund minus irretrievable deposits. In the case of cancellation due to insufficient participation, a full refund will be issued.
- » Cancellations within 7 days of the single-day activity start date will NOT be refunded or rescheduled unless otherwise stated.
- » Cancellations within 30 days of a multi-day activity start date will NOT be refunded unless someone takes your place on the activity. Any refunds issued in this case will result in a service fee of 10% of the total price for the activity.
- » Cancellations 30 days or more before a multiday activity start date are refundable in full unless otherwise stated.
- » Refunds may be given within 30 days of the activity when a medical emergency or military TDY/PCS orders prohibit participation. A dated and signed doctor's note or signed orders must be presented within 72hrs of the document issue date in order to receive a refund in these cases. If a refund is given for a multi-day trip in this instance, OAP will retain a service fee of 10% of the total price for the activity. No refunds will be given in these cases after 30 days from the trip start date.
- » "No Shows" are non-refundable and will not be rescheduled.

NOTICE: A High Risk Activities Worksheet (AF 4391) is required to participate in ANY high risk activity, for ALL Active Duty Personnel. It is required to be completed by Active Duty Personnel before they participate in most of our Outdoor Rec Adventure Programs. This responsibility lies solely on the Active Duty participant.

Ice climbing got its start out of necessity on the icy slopes of the Alps when goat herders had to retrieve their flock up a mountain side in the 1600s. Fast forward to the 1960's and '70's when folks started to do this for fun, wanting to tackle steeper and bigger water falls, leading to more specialized equipment and techniques. Today in Colorado, ice climbing has become a major part of the state's winter recreation scene and is more accessible than ever. From short and low angle flows, perfect for even the most timid to learn on, to the long steep lines up 14ers for the hardened climber, Colorado is the "state-of-the-art" in ice climbing. Crowds from around the world are drawn to the International Ice Climbing Festival in Ouray, Colorado each January to watch the best climbers in the world compete, while small towns like Lake City, Colorado see climbers from around the state visiting for a quiet and relaxed climbing experience. Whatever your flavor, we can teach you everything you need to know about this incredibly fun and easy sport! Come learn this favorite activity of Coloradans and have the experience of a lifetime! Being a part of your MWR, our prices are often just half as much as commercial outfitters without sacrificing an inch of your high quality experience.

LAKE CITY WEEKEND TRIP

OURAY WEEKEND TRIP

Our Ice Climbing Guides

USAFA is proud to have indisputably the most experienced and highest trained staff in all of military MWR. We don't contract our trips out to other outfitters because we are one! We make sure our guides are consistently at the forefront of guide training and avalanche education in the industry, often exceeding the standard for the commercial industry. As a center for excellence, USAFA OAP only hires the highest quality staff and provides nationally and internationally accredited training for our guides and our guests. Guiding in and around avalanche terrain and ice terrain is a complex and difficult job. Each Lead USAFA ice climbing guide is a certified AMGA Single Pitch Instructor or IFMGA Mountain Guide, has taken minimum avalanche safety training through AIARE Rec Level 2, has at least four seasons of experience leading groups in ice climbing terrain, is certified as a Wilderness First Responder (WFR) or in Wilderness First Aid (WFA), and has been through an extensive training and evaluation process to vet their guide quality. Our guides are exceptional educators, they are patient and excited to share their craft with you. They are lifelong backcountry professionals and are committed to delivering an incredible experience while prioritizing group safety. By ensuring our guides are thoroughly qualified, we can confidently say your trip will be of the highest quality. Your only disappointment will come from going back to normal life!

GEAR UP

AMGA Training Standard

The American Mountain Guides Association (AMGA) is the only internationally recognized mountain guide training organization in the United States. A member of the International Federation of Mountain Guides Associations (IFMGA), the AMGA offers the most robust and highest standard of education in this industry, requiring years of experience, course work, and examination to gain accreditation as a mountain professional. Our guides undergo AMGA training in many mountain disciplines, and our AMGA Certified Single Pitch Instructors and trained guides are constantly refreshed through inhouse continuing education and mentorship. For more information on the extensive training our guides pursue, visit www.amga.com
